## Empire Wide Appeal

For Red Cross Funds Next Thursday.

At the request of Lord Landsdowne, President of the British Red Cross Society, an urgent appeal is to be made next Thursday by street collections and other methods to swell the fast dwindling funds of this most important of all the Empire's public societies at the present time. Not only is British Columbia to be the scene of a most strenuous appeal, but the whole of the Dominion and the British Empire is being asked to give generous assistance on this same day in order that the tremendous increase in the expenditure of the Red Cross Society may be adequately met.

The following is a copy of the communication received by the Hon. Frank Barnard, Lieutenant-Governor of British Columbia, from Lord Landsdowne, in which this request is made, and which will undoubtedly be generously met by practically every resident within the Province:

"London, Eng., Sept. 29.

"His Honour the Lieutenant Governor of the Province of B. C., Victoria, B. C.

"I beg to inform you that the British Red Cross Society and the order of St. John in view of the great demands upon their resources both in France and the Near East have decided to make an appeal throughout the Empire by street and other collections upon the twenty first day of October next, the money received from this appeal will be devoted entirely to relieving the sufferings of our wounded soldiers and sailors from home and overseas at the various seats of war. From all parts of the King's Dominions we have already received generous assistance in our work but with the increase of British and Overseas Forces at the Front there is a corresponding increase in our expenditure, and we shall be truly grateful to you if you will help us by organizing an appeal and sending the proceeds to us for the objects which I have named. I shall be greatly obliged if you will kindly communicate the foregoing to your Government.

"Their Majesties the King and Queen and Her Majesty Queen Alexandra are giving us their gracious patronage and I trust that you will also be able to see your way to help.

"LANDSDOWNE,

"President of the British Red Cross Society."

## KELOWNA OPERA HOUSE

If you miss "The Bugler Boy of Lancashire" at the Opera House on Saturday you will be missing a treat. This picture runs in three big reels, and the programme for that night also includes an ever welcome "Weekly" and the funniest of comedies.

Next Tuesday there will be a four reel Lasky picture entitled "The Rose of the Ranch," which sufficiently describes the nature of the play.

Thursday is the day for the "Black Box" serial which should on no account be missed. A specially long programme will be presented every Thursday in future, frequently consisting of seven reels, including a three or four part picture by the Famous Players' Company, so that in addition to "The Black Box" next of Virginia, a famous five reel civil war picture,

## DISPLAY BY VOL. RESERVE

In Aid of Patriotic Fund.

An excellent display of military and physical drill was given in the Park last Thursday afternoon by No. 1 Section, of No. 1 Platoon, of the Kelowna Volunteer Reserve under command of Instructor Col. Sergt. J. Finch. The men paraded at the drill ground at 2 p.m., and marched to the Park led by drums and bagpipes.

Upon arriving at the Park they first lined up for physical drill with arms and went through a number of exercises in splendid style which bespoke careful training. This was followed by manual training and rifle exercises, squad drill and field work in extended order, the latter being carried out by signals.

The men presented a wonderfully smart appearance and their discipline and spirit spoke volumes for the patriotic element pervading the Kelowna district. A large number of people witnessed the display and appeared to find considerable enjoyment in the spectacle, many of them accompanying the men back to the parade ground. During the exhibition a collection was taken in aid of the Canadian Patriotic Fund, which realized the sum of \$4.00. Mr. H. A. Willis took several photographs of the parade in the various drills, and he has kindly promised to give half the gross receipts from the sale of these photographs to the Patriotic Fund.

## Interesting Items of Okanagan News

Gathered From Our Contemporaries Throughout the Valley

Enderby Press, Oct. 7:

A man by the name of F. G. Holbrook, who was being held in the City Police Station awaiting several charges of "skipping" from hotels without paying his bills, broke from jail last Sunday night by making a hole through the 18 inch brick wall of the lock-up. The aperture was made with the aid of three pieces of iron which the prisoner broke from the frame of his bed. As the principal charges against him came under the charge of the Provincial Police he would have been turned over to them the following day had he not made good his escape.

The City's Finance Committee presented an exceedingly long report to the meeting of the Council last Monday evening. This report was almost exclusively given over to the matter of assessment, dealing at length with all the situations connected therewith. Not the least important of the various recommendations was one suggesting "that an average reduction of ten per cent. be made in the assessment of land throughout the municipal area."

Armstrong Advertiser, Oct. 7:

Tag Day for the Red Cross at the Fall Fair amounted to \$46 and the Young Peoples' Dance realized \$19.

Vernon News, Oct. 7:

The Board of School Trustees conveyed a demand to the City Council on Monday evening that all arrears for the estimates of 1913, 1914 and 1915 be placed to the credit of the Board. This caused a great discussion, it being remarked that such a demand opened up a nice legal point which would have to be handled with care.

## City Tax Sale

Realizes Over \$3,300 From the Parcels of Land Sold

About thirty people gathered in the Board of Trade Room on Tuesday morning upon the somewhat auspicious occasion of the City's tax sale. A long list of property had been advertised for sale and the auctioneer, Mr. P. T. Dunn, got to work a few minutes after 10 o'clock in a business like manner, wasting no time with preliminaries.

The first seven lots passed under the hammer to the City, there being no bids, but the eighth lot was knocked down to a lady purchaser at \$15, a few cents above the upset price. Shortly after this, the sub-division of Block 1448 was put up for sale. This property lies to the East of Ethel Street and was apparently considered too far out to form satisfactory purchases, for, although over 100 lots in this Block were offered no bids were put in, which necessitated a long and wearisome spell while the auctioneer waded patiently through the items. Upon resuming the miscellaneous list, the lot lying at the northeast corner of Bernard and Water was soon reached, but in spite of the momentous pause and the emphasised cry of the auctioneer it drew no bid at the upset price of \$656.30. The old nursing home on Glenn Ave. was knocked down to Mr. A. B. Knox at \$161.19; Mr. D. W. Sutherland making the bid on the purchaser's behalf. The next purchase was made by Mr. D. H. Rattenbury, who purchased an excellent truckage site just off Ellis St. in the packing house district for \$67.90.

There were quite a number of lots in the block bounded by Water, Lawrence, Pendozi and Leon, put up for sale at prices varying from \$63 to \$209, one of which contained the large Commercial livery barn, but strange to relate no bids were made for any of this property. Lot 55, in Block 483, fetched a purchaser at the figure of \$105.77, and Mr. C. H. Jackson secured Cavanah's 10 acre orchard on the Government or Glenmore Road for \$720.12, which finished the business for Tuesday morning.

At 2 o'clock the sale recommenced and started with quite brisk buying, four lots being purchased out of the first seven put up. Two of those which were purchased were the lots at the back of Chamberlin's blacksmith shop, and fetched \$124.10 and \$148.49 respectively. The other two realized \$29.51 and \$14.19 and were of course lots further out, one being on Wilson Ave. Twenty-one lots under registered plan 1246 were next put up, but only one was sold, the figure being \$16.65. Mr. J. Melville bought two lots lying at the back of Squally Point and adjacent to Manhattan Beach for \$16.65 each, while six lots lying just west of the Government Road and a block north of Bernard Ave. were knocked down to Mr. A. Bishop at \$14.19 each. The second largest sale of the day was when the property immediately east of Richmond's store passed to Mr. Rattenbury at \$661.43. A lot opposite the Park on Abbott St. fell to Mr. Jackson for \$76.81, and before business closed at 5 o'clock certificates for four more lots had been made out at \$38.61, \$20.60, \$14.19 and \$37, the latter being the only sale upon which more than one bid was made.

At the end of the first day's sale therefore, although only 24 parcels of land had been purchased (Continued on page 2.)

## BOTANICAL NOTES

(Contributed by Mrs. Dora Kerr.)

170. Our wild rose, commonest on Kelowna lowlands and elsewhere, is *Rosa Fendleri*. Height to 6 or 8 feet; leaflets 5 to 9, sessile or short-stalked. Slender, straight spines. The scarlet fruit is globose-ovoid. Sepals lanceolate, erect and persistent on the fruit. There are other kinds of rose, two at least, in our district.

171. Sapollalie, soap-berry, or Canadian Buffalo berry (*Shepherdia Canadensis*). Flowers yellow, 4 lobed in most spikes. A thornless shrub, 3 to 6 feet, covered with rusty scales, leaves ovate, silvery-downy beneath. Fruit yellow to red, insipid. Grows in woods above Mission and elsewhere; appears not to flower and fruit very freely. Oleaster family.

172. Wormwood Sage or Pasture Sage (*Artemisia Frigida*). Woody at the base; leaves silvery pubescent all over. Leaf-segments linear-fili form. Greenish flower, heads rather numerous, racemose, nodding. Knox Mountain and other dry places. Thistle family.

173. Canada Wormwood (*Artemisia Canadensis*). Leaves usually pubescent, especially of young plants, divided 2-pinnately into linear acute lobes. Flower heads in a narrow panicle. Rocky soil, roadsides.

174. White Sage, Prairie or Western Cutweed or Mugwort (*Artemisia Ludoviciana*). 1 to 4 feet high. Leaves lanceolate, white-woolly on both sides. Flowers yellow, heads numerous in a spike.

175. Linear-leaved Wormwood (*Artemisia dracunculoides*). Stem somewhat woody usually much branched, erect. Leaves narrow, 1 to 3 inches long, entire. Flower heads very short-peduncled. Has not the pungent aroma of most wormwood and is usually not white woolly. Dry places, roadsides.

176. Broad-leaved Dock (*Rumex Obtusifolius*). A common weed in waste places, perennial. 1 to 4 feet high. Lower leaves oblong lanceolate, 6 to 14 inches long, with long petioles. Panicle of green flowers becoming reddish.

A note on No. 165. The specimens of our commonest Michaelmas Daisy at first sent in, not being sufficiently complete, the identification was not complete, which the botanist indicated by a query; and the name given under this number, *Aster longifolius*, should be withdrawn, and *A. lindleyanus* substituted.

Tpr. Gribble came down from Vernon on Saturday and returned this morning.

## THE LATEST NEWS BY WIRE

## ZEPPELINS RAID LONDON

Killing Eight and Wounding Thirty-four.

LONDON, Oct. 13th. — The Home Office has issued the following news of a Zeppelin raid made yesterday evening over a portion of the London area where certain incendiary and explosive bombs were dropped. The material damage done was small, only a few small fires resulting and these were quickly extinguished by the fire brigade, but the human toll was heavy. The Admiralty will issue a statement today when particulars are available, but at present it is only possible to state that no public buildings were damaged, and that the casualties so far reported number two women and six men killed and about thirty-four injured. With the exception of one soldier killed all these were civilians.

FRENCH STAND FIRM  
ON NEW GROUND TAKEN

PARIS, Oct. 13.—An official dispatch here states that the enemy has, with greatly strengthened forces, renewed his attacks to the north-east of Souchez, against the wood at Leboisen Haiche, to the east of the Angres Road, against our positions guarding the approach to the Five Highways on the crest of Vimy Hill and against a small fort previously taken by us in the Givenchy Wood. Despite the extreme violence of the bombardment which preceded these attacks, and despite the desperate nature of these renewed assaults, the enemy were only able to penetrate some parts of the trenches in Givenchy Wood which had been completely shattered by shells of a heavy calibre. Everywhere else we conserved all our new positions and repulsed the assault of the Germans, who suffered very heavy losses.

Artillery actions of particular intensity are reported to the south of the Somme in the Sector of Lihons, in the Champagne to the north of Soudain and Massiges, in the Argonne to the north of Lakerazec and between the Meuse and the Moselle in the Vosges. We dispersed by our fire an attack of the enemy against our positions in the valley of Lalauche.

## REVOLT IN GAUTEMALA.

NEW ORLEANS, Oct. 13.—A revolution has broken out in Gautemala. Fighting is also in progress in the States of San Marcos and Huehuetanango.

CONSCRIPTION AGAIN  
POSTPONED

LONDON, Oct. 13.—No decision on the question of conscription has yet been reached by the Cabinet. During the council meeting there was a long discussion on the subject and the conscriptionist ministers pressed hard for a decision but failed to carry their point.

## BELGIAN ACTIVITY

PARIS, Oct. 13.—A Belgian official dispatch received here states that the enemy's artillery has displayed much activity all along the front, bombarding Furnes, Pervyse, Rousdammes and Cheskerke. Our batteries retaliated and in the cantonments of Pierre Capella and Bulchick they dispersed groups of the enemy's foot soldiers at diverse points along the front. A minor infantry attack was easily repulsed by our fire.

## BULGARIA NEEDS SHELLS.

ATHENS, Oct. 13.—It is stated here that Bulgaria has in stock only 3,350 shells for each of its guns. It is absolutely essential that its troops effect a junction within a fortnight with the Austro-Germans who have invaded Serbia.

BRITISH ARMED DRIFTER  
SUNK BY GERMAN MINE

ST. JOHN, N.F., Oct. 13.—Word has been received here that the armed drifter "Fraz Oliver," one of the British auxiliary fleet operating in the North Sea, has been blown up by a mine. Five naval reservists from this colony are among those lost. The drifter was engaged in picking up German mines when the disaster occurred.

## BULGARIANS

## ANNIHILATED

PARIS, Oct. 13.—Private advices have been received here to the effect that a Bulgarian division has been almost annihilated in a fierce struggle near Kraguyevatz, in Serbia.

## ONTARIO BARS

## CLOSE AT SEVEN

TORONTO, Oct. 13.—Commencing on November 1st all the saloons in the province must close at 7 p.m. instead of 11 p.m. until the close of the war.

## ITALIANS HOLD

## POSITIONS

ROME, Oct. 13.—An official dispatch issued here announces that the activity of our troops continues along the Tyrol frontier, especially in the sector between Adige and Brenta, where information from different sources agrees in showing that the enemy suffered noticeable losses during the day. Yesterday's actions also ended victoriously for our detachments in Carnia. The enemy attempted to attack our front from Mount Pal Piccolo to the east of Monte Croce Pass, as far as Monte Salinchi. After an intense artillery preparation the enemy launched their infantry columns against our positions at the head of the Chiasso Torrent, but the steadiness of our men and the effective fire of our artillery, machine guns and rifles, together with timely counter attacks on their flank sections, en-

abled us to beat off the enemy at nightfall with heavy losses to them.

## RUSSIANS WILL

## TACKLE BULGARS

PARIS, Oct. 13.—It is stated here on good authority that the Russians are preparing to land a great army on the Bulgarian coast.

Another dispatch received here states that the Bulgarians successfully bombarded a Serbian train loaded with ammunition.

## SOUTH AFRICAN

## GENERAL ELECTION

Produces Many Exciting Meetings.

CAPE TOWN, Oct. 13.—A lively and most interesting campaign for the election of members for the House of Assembly of the Union of South Africa is being waged throughout the country. The chief fight is between the followers of General Botha and the Nationalists. Many of the political meetings have degenerated into a free fight. Botha, who has been speaking in the districts where his policy is most strongly opposed, has been accompanied at all times by mounted burghers.

## CAVALRY ADVANCES

## AND CHARGES ENEMY

PETROGRAD, Oct. 13.—On the Dvinsk front all the enemy's attacks have been repulsed. The Germans attempted to recover their lost positions but failed and a great cannonade continued along the whole front. Notwithstanding the violent German fire, our troops, by desperate fighting, gained a way across the isthmus between the lakes south of Dvinsk. In Galicia our troops have seized another village and stubborn engagements continue with great intensity. Our cavalry sortied out from Gaivoronka without being perceived, and after deploying rapidly along the front they threw themselves on horseback upon the enemy's line. The cavalry crossed three lines of trenches putting the occupants to the sabre, and after some irregular firing the enemy took flight.

## CITY TAX SALE

(Continued from page 1.)

ed, realizing practically \$100 a piece, \$2,368 having been paid over the cashier's desk, quite remarkable figures when it is remembered that just half of the 24 parcels sold were outside property fetching under \$20 each.

The second day of the sale, however, fell a long way short of the first. When the selling commenced at about 10.30 only a dozen people or so were in attendance. About 72 lots in Plan 202 were passed over, the taxes having been paid just prior to the sale. Two lots soon passed over to Mrs. Windsor at \$154.99 and \$175.52 respectively, the latter lot being the only one in the sale that showed really competitive bidding, being run up, chiefly by single dollar bids, from \$130.52. Two more lots followed soon after at \$23.95 and \$26.38, making only 4 sales out of 51 lots put up.

A slight stir of perceptible interest ran round the room when the Canadian Northern Railway Company's property was announced by Mr. P. T. Dunn as being for sale, and all eyes turned upon Mr. H. A. Heggie, of Vernon, who attended the sale as the legal representative of the Railway Company. Mr. Heggie, however, had no occasion to take any action, as no bids were forthcoming and the property reverted to the City as purchaser.

Five lots were shortly afterwards bought in by Mr. D. H. Rattenbury at prices between \$40 and \$50, and just before the lunch interval another went to Mrs. Windsor at \$64.06.

The lots put up in the afternoon were all in the low figures and sixty-one were sold as a consequence, the bidding on some of

them being quite spirited. Thirty-nine of them went to Mr. J. C. Stockwell and seven to Mr. W. C. Duggan. The prices paid in the afternoon were chiefly around \$4 and \$5, most of the property being outside the City and in the School District only.

The result of the second day's sale showed receipts of \$674.78 in the morning and \$261.46 in the afternoon, or a total of \$936.24 for the day, representing the purchase price of 71 parcels of land, and making the total receipts of the sale \$3,304.69 from the 95 sales. These figures, however, are not the only results of the tax sale, as during the few weeks prior to the sale nearly \$6,000 were taken by the tax collector, much of which was without doubt paid to prevent the property coming under the hammer.

The feeling prevalent during the sale was that most of the property would be redeemed, which prevented much of the listing being sold. Almost everyone felt that Kelowna property was too good to allow the owners letting it slip from their hands in this fashion and that an eight per cent investment for a period of two years at the most was not the best that could be done these times. This feeling undoubtedly acted as a check throughout the proceedings, and it is almost a safe thing to say that, if the district's prospects were not so particularly brilliant for the future, and if local optimism was not quite so firm, the money taken at the sale would have been considerably larger. As almost every lot was put up some one could be heard to whisper "That will be redeemed for certain, what's the use of touching that?" And there is little doubt but that most of them will. All the same the City is smiling as it looks at the cash that has come in, even though it has to promptly hand it over to the Bank to repay old obligations.

EASTERN CANADA  
GIVES FRUIT

To Both Soldiers and Sailors.

The Quebec branch of the Navy League is forwarding gifts of fruit and vegetables to the vessels of the British fleet in the North Sea and has asked for contributions, particularly of apples, which they claim are very acceptable. The distribution is carried out in Great Britain by the Vegetable Products' Committee, the president of which is Admiral Lord Beresford. This Committee, up to May 30 of this year, had supplied over 3,000,000 lbs. of fresh fruits and vegetables, besides thousands of special packages for Xmas, all of which have gone to His Majesty's warships in the North Sea fleet. The secretary is Mr. R. R. Scott, 1 College Court, St. Ann St., Quebec. The Ontario government is shipping apples regularly to the Canadian wounded in the hospitals of Great Britain and France, which is no doubt where our own apples will go which the Okanagan are busily arranging to ship. In addition to fresh fruit, the Ontario government is sending 20,000 gallons of canned peaches to the hospitals.

## Are You Participating in Our Prize Scheme?

The prizes to be given by the "Courier" are showing in the windows of the most important stores in town and include practically everything from a new winter coat to a rifle, or even a sack of sugar or flour.

## In Fact, There Is No Limit to the Variety of Prizes or Their Value

You choose your own prize and we give you an order entitling you to have it charged to the "Courier."

All you have to do is to get at least three new subscribers for us and send us their names and a year's subscription for each. In return for this we will give you an order on any of our regular advertisers for \$1.50 or more, in fact, at the rate of \$1.50 for every three new subscriptions sent to us.

Find out whether your friend or neighbour is a subscriber, and if they are not, get after them before someone else does. Collect \$1.50 for a year's subscription from them and forward the money to us at once with their name and address and we will promptly forward them an official receipt and start mailing them the paper. Don't wait until you get the three new subscribers, we will keep count of the subscriptions which you send in.

To help you in this we will be pleased to send a sample copy to anyone whose name you send us. Don't be afraid to ask; we want to help you in every way.

Others are going ahead—WHY NOT YOU? Get Busy NOW.

### Boxes For Wenatchee Culls.

The standard cull apple box which is being manufactured in the State of Washington has a cubic capacity of 3,237 cubic inches and will contain a bushel and one half. The net weight is estimated at 60 lbs. but it probably slightly exceeds that amount.

The majority of the culls are prices which will net the grower from 40 cents to 50 cents a box, and from this the cost of the box will have to be deducted. The price paid varies somewhat with the variety and quality of the culls of each individual grower.

### FRUIT NOTES FROM U. S.

#### Wormy Apples Hurt Wenatchee Market.

The Wenatchee-North Central Fruit Distributors have concluded that the shipping of worm-stung apples is destructive to the best interests of the growers both for the present and the future, and in an open letter to their members they give the following logical reasons for their decision: "The markets to which this wormy fruit will be shipped will be the same that now takes your regular C grade, C hail and some fancy grades.

"The economic conditions of the North-west fruit business make the growers incapable of doing business at a profit on a cheap value basis. We believe that letting down the bars on this leads to a dangerous situation—one that cannot be controlled.

"To ship into markets where C grades, both regular and hail, have already been contracted at good prices, fruit of this character at only one-third the value of the fruit already contracted, is treating the customer unfair. This fruit is being packed under various conditions, some with no regulations whatever. The trade will ultimately base its price for this fruit on the poorest of these packages. This will mean an average low return. It is not believed that the net gain will at all commensurate with the damage it will do."

### Exports From East Decreasing.

Apple exports from all the American-Atlantic ports for the week ending last Saturday were 36,427 barrels against 49,431 for the same week in 1914. Exports for the season up to Saturday of last week were 73,755 barrels, compared with 123,361 for the same period a year ago.

### Yakima Pear Crop Figures.

The Yakima pear crop, estimated recently from the basis of shipments made and pears field and on the trees showed that the total tonnage came to 800 cars, and that the returns from the crop would probably realize over \$275,000. The average sale price has been figured out at 70c per box or \$350 per car f.o.b.

### WEATHER RETARDS FRUIT SALES

On the Prairies. Must Thresh Before They Can Buy.

Threshing has been held back in the prairie provinces during the past few weeks by wet weather and this generally has had a tendency to keep business in check in the meantime. Until the wheat is threshed and in the elevators, country merchants will be unable to liquidate their accounts with the wholesalers, and thus the fruit business is feeling this check to a certain extent. Apples have not moved in any great quantities, say the jobbers in most of the cities, but they anticipate that the demand will be stimulated within the next week or two.

**DECLINED TO STOP  
SALE OF C.N.R. LOTS**

At Vancouver last Friday Mr. Justice Macdonald refused to stop on an ex parte application the proposed sale of Canadian Northern Pacific Railway lands at the tax sale here last Tuesday morning. His lordship, however, gave leave to Mr. Douglas Armour, counsel for the C.N.P., to serve notice of proceedings on the Kelowna City Council and have the matter argued before him Tuesday morning.

"We claim that by an agreement made between the railway company and the government, we are exempt from paying taxes on our lands until after the year 1924," stated Mr. Armour. The question of the exemption of the C. N. R. lands by statute is now before the Court of Appeals in another case and Mr. Armour argued that it would be improper to permit a sale to take place while the judgment of the Court of Appeals was being formed. In answer to a question by his lordship Mr. Armour said he understood the other side were claiming that the lands in question were not held in the name of the company and in some cases were not now being used for railway purposes.

"I am not disposed to restrain municipalities in this fashion," said the judge, who after further argument refused the application with leave to serve notice and bring it up again, but on Tuesday morning he again declined to stop the sale, with the result that on Wednesday afternoon this property, temporarily at least, passed over to the city.

**"Mrs. Gorrings Necklace"**

"The Kelowna Players," under the direction of Mr. W. B. Pease, are producing a four-act play, entitled "Mrs. Gorrings Necklace," at the Opera House next Monday evening at 8.30 p.m., the entire proceeds of which are to be handed over to the Kelowna Hospital.

Sir Charles Wyndham produced this play with great success in London some years ago, it being one of the most popular of Mr. Herbert Henry Davies' society comedies. The story that is woven round the diamond necklace of that somewhat inconsequent and frivolous lady, Mrs. Gorrings, is partly humorous and partly tragic. The disappearance of these jewels seems to affect the different characters in an entirely different manner. The host and hostess, Colonel and Mrs. Jardine, appear to be chiefly concerned with the loss of their own personal comfort which it entails, whereas Vicky, their young daughter, sees in it nothing but amusement for herself. The owner of the necklace is torn between the sense of added importance which her loss entails and her natural annoyance at losing so valuable an article. Isabel, Mrs. Jardine's daughter by a former marriage, whose mission in life is apparently to make things as easy as possible for others, in spite of having her hands full with her well meaning but hopelessly weak lover, Lieut. David Cairn, does her best to smooth things over for everybody. Above all these stands out the strong and chivalrous character of Captain Mowbray, whose unselfish and unspoken love for Isabel places him in a position to incur the suspicion of that astute but unemotional detective Jernigan. The play is brightly and cleverly written and keeps up its amusement and interest to the very end.

The cast will be as follows: Miss M. E. Dykes as Mrs. Jardine, Mrs. H. G. M. Gardner as Mrs. Gorrings, Mrs. G. E. Seon, Jun., as Isabel Kirke, Miss Dora Pease as Vicky Jardine, and Miss B. E. Seon as Miss Potts. Colonel Jardine will be impersonated by Mr. L. E. Taylor, Captain Mowbray by Mr. W. Greensted, Lieutenant David Cairn by Mr. H. R. Hamilton, and Mr. W. B. Pease will play the part of Mr. Jernigan the detective. An added attraction will be that Mr. Drury Pryce has kindly consented to furnish incidental music during the interval between the acts.

This is an excellent opportunity of supporting the Hospital and obtaining first class amusement at the same time, and is one which will no doubt be taken advantage of by all who can possibly manage to be there.

**SUCCESS WITH  
NEW ALFALFA  
CURING METHOD**

Many Advantages Apparent Over Old Method.

Some weeks ago the Review published an article relative to a new method of curing alfalfa hay. It will be remembered that briefly stated the method was to raise the hay slightly off the ground by stacking it on to a high triangular framework, allowing a free circulation of air underneath and through it. The advantages claimed were that the hay would stand wet weather without spoiling, and the leaves would be found to remain on the stalk better.

The Review was indebted to a farmer subscriber for the information concerning this novel way of dealing with alfalfa hay, and a few days ago this same contributor reported complete success as his experience in the matter. The writer had an opportunity to see the hay that had been put up in the new way, and it looked as though all that had been said for it was true. A day or two previously there had been some rainy weather, but the hay on the skeleton framework showed no traces of it on the contrary, it was dry clear through. The leaves were also clinging well to the stalks of the plant.

Many ranches in the district now have an alfalfa patch, and whether it be large or comparatively small, it seems as though this method of dealing with the hay would well be looked into. We imagine that it might save a good many men worry to know that their hay crop is not altogether at the mercy of the weather.

Some time is necessary for the preparation of the "skeleton" for the first time of using, but once made these are easily stored, and will do service for a good many crops.—"Summerland Review."

**Wenatchee Shipped 370 Cars.**

Apple shipments from the Wenatchee district up to Sept. 27 this year totalled 370 cars, according to the records kept by the Growers' League. The greatest majority of these cars represent the Jonathan crop, with a few carloads of King David, Winter Bapana and other varieties.

**ANOTHER DRIVE  
IS EXPECTED**

AMSTERDAM, Oct. 13. — A fresh heavy Anglo-French drive against the German front in Artois and Champagne, and perhaps elsewhere along the line, is momentarily expected. It is understood here that the Allies' plan is to keep the Germans too busy on the West to push their Balkan campaign. Meanwhile the Serbians are being reinforced.

Wm. Offenden, the driver of Scott's stage between Vernon and Kelowna, disappeared two weeks ago and no trace of him has yet been discovered. He was last seen at his boarding place, the Vernon Hotel.

Corporal Gray went back to Edgewood this morning after a few days' leave spent in the home town.

The Kelowna Volunteer Reserve will assemble on the drill ground at 10.30 on Sunday morning and will parade to the Anglican Church.

## Prairie and Coast Markets Weekly Report

By the B. C. Market Commissioner—Lettergram Correspondence.

**Regina, Oct. 7.** (Lettergram)—Conditions here much about the same, with the exception that a British Columbia grower is quoting No. 1 McIntosh Reds at \$1.60 and crates at \$1.10. It is stated that about 60 cars of American C grade apples are ordered for this territory, which have been bought at 80c to 85c f.o.b. This makes cost laid down here \$1.30 against Okanagan Twos at \$1.50.

**Winnipeg, Oct. 7.** (Lettergram)—Arrivals this week comprised 18 cars of Ontario apples and small fruits, 8 cars imported apples and 6 cars B. C. apples and prunes.

Prices of imported fruit follow: Pears, \$3.50; prunes, 65c; Jonathans, 40c; \$4.00 to \$4.50; Wealthies and Wolf Rivers, \$4.00 to \$4.25; boxed apples \$2.00 to \$2.25.

Prices of British Columbia fruit follow: Hyslop crabs, \$2.15; McIntosh Reds, ones, \$2.00 to \$2.15; Jonathans, twos, \$1.85; Sandpit Wealthies, \$1.75. In Economy crates, St. Lawrence and McIntosh Reds, \$1.80; Flemish Beauty pears, \$2.25; Duchess, ones, \$3.00; threes, \$2.00; prunes, 65c; tomatoes, 20 lb. boxes, \$1.00. At Auction: Pond's Seedlings, boxes, 60c; Wealthies, in economy crates, \$1.45.

Prices of Ontario fruit follow: Barrel apples—Wealthies and St. Lawrence, \$4.50 to \$5.00. Fruit in 6 qt. baskets: Tomatoes, 27c to 30c; plums, 30c; damsons, 50c; pears, 50c; quince, 50c; Concord, Niagaras and Rogers grapes, 27c to 30c; peaches, 30c. Fruit in 11 quart baskets: Tomatoes 50c; pears, 75c; apples, 40c; peaches 50c. At auction: Ontario barrel apples withdrawn at \$3.25. Fruit in 6 quart baskets: Grapes, 27c to 30c; Greengages, 50c; peaches, 35c; pears, 30c; tomatoes, 26c; crab apples, 35c. In 11 qt. baskets: Tomatoes, green and ripe, 30c to 35c; pears, 46c; peaches, 47c; Nova Scotia Gravensteins, to arrive, ones, \$5.00; twos, \$4.50.

### VANCOUVER. R. C. Abbott, Coast Market Commissioner.

Oct. 6.—There is little change in the apple situation on the coast since last report. Prices remain about the same, with every indication that dealers would like to break down the growers' price if possible. It is not likely that B. C. growers will come in competition with the "C" grade apples from the south this season, and owing to the high prices that are likely to prevail for winter varieties in Wenatchee and Yakima, for Fancy grades, our prices for good winter apples should strengthen somewhat.

The heavy crop and the steady movement of the low grade apples from the Lower Mainland appear to be ample to satisfy the demands at present for that class of stock. This will no doubt hold out for a few weeks yet and until these are disposed of indications point to a very heavy demand for crated stock from the interior.

At present, conditions appear to warrant heavier shipments of No. 1 Jonathans and McIntosh Reds to the coast cities. Shippers should hold firm to present prices for sizes 104 to 163. There is at present only 10c difference between our prices, and the price at which "Fancy" Jonathans from Wenatchee can be laid down here for. The wholesale trade and the retailer are selling both at the same price. In fact, the retail trade is selling No. 2 Jonathans for the same price as No. 1's.

The prune season is well over and the price has advanced to 75c a box. Plums are in good condition, and Grand Dukes and Yellow Eggs are selling wholesale cheaper than the condition of the stock and the demand warrants.

The car of grapes from Kere-meos did not move as well as it

should have done. The condition of the grapes and the quality were excellent. Baskets were well filled, but trade says "wrong colour."

There are no B. C. peaches in the city. Stock from the south is not moving fast. There are still enquiries for Hyslop crabs.

The potato market remains dull with Ashcrofts selling here \$15.00 per ton wholesale. Brokers are buying for next shipment to New Zealand.

**Medicine Hat, Oct. 7.**—Prevailing wholesale prices follow: Wealthies No. 1, \$2.00, No. 2, \$1.40, No. 3, \$1.25; McIntosh Red, No. 1, \$2.00, No. 2, \$1.40, No. 3, \$1.25; 20-oz. Pippins, No. 1, \$2.00; Wealthies and Wolf Rivers, in Sandpits, \$1.75; in economy crates, \$1.65; crab apples, \$2.00; Howell Pears, \$2.50; Pond's Seedlings, 75c; tomatoes, 75c.

Prevailing retail prices follow: Wealthies, No. 1, \$2.50; No. 2, \$1.65; No. 3, \$1.40; McIntosh Reds, No. 1, \$2.50, No. 2, \$1.65, No. 3, \$1.40; 20-oz. Pippins, No. 1, \$2.50; McIntoshes and Wealthies in Sandpits, \$2.25; in economy crates, \$2.00; Crab apples, \$2.50; Howell pears, \$3.00; Pond's Seedlings, \$1.00; tomatoes, \$1.00.

**McLeod, Oct. 9.**—The Calgary and Lethbridge jobbers are out offering B. C. winter apples at following prices: No. 1, \$1.50 f.o.b. Okanagan points; No. 2, \$1.35 f.o.b. Okanagan points; and \$1.25 for the Economy crates.

Dealers here offered from one quarter in Washington, "C" grade stock at 80c and fancy at \$1.10, making price laid down here of \$1.35 and \$1.65 respectively.

Peaches and prunes are both cleaned up at this point.

Pears.—Up to \$2.75 at Calgary and Lethbridge and still selling.

Plums.—Yellow Egg, Pond's, etc., 4 b. still selling at 90 cents f.o.b. Calgary and Lethbridge.

Tomatoes.—Ripe 4 b. \$1.00 still in demand.

Crabs.—Hyslops are up to \$2.00 per case, fine condition.

Onions.—Have been put in stock for winter at prices of \$28.00 for crates and \$26.00 sacks. Cars cleaned up.

Pumpkin.—Marrow and squash still selling at 2c.

One car of winter apples from Okanagan booked here this week and one car Washington being negotiated for.

Potatoes are plentiful here and can be bought at \$10.00 to \$12.00 per ton.

**Calgary, Oct. 9.** (Wholesale). Apples are moving but slowly. Dealers are anticipating a better demand next week. Prices generally are but little changed.

Italian prunes and plums are about cleaned up. Some retailers are selling prunes in peach boxes at 69c, but the jobbers are asking 75c from the country trade.

Prevailing wholesale prices follow:

Apples, Wealthies, No. 1, \$1.75, No. 2, \$1.60, crates, \$1.60; McIntosh Reds, No. 1, \$2.00, No. 2, \$1.85, No. 3, \$1.60, crates, \$1.60. Italian prunes, box, 75c.

Convention at Chilliwack, Ald. Clement said he thought it would pay the farmers of the Vernon district to study the methods of the farmers around Chilliwack, who received last year from the creameries in the district a sum of about \$360,000, or about \$1,000 per day for their cream.

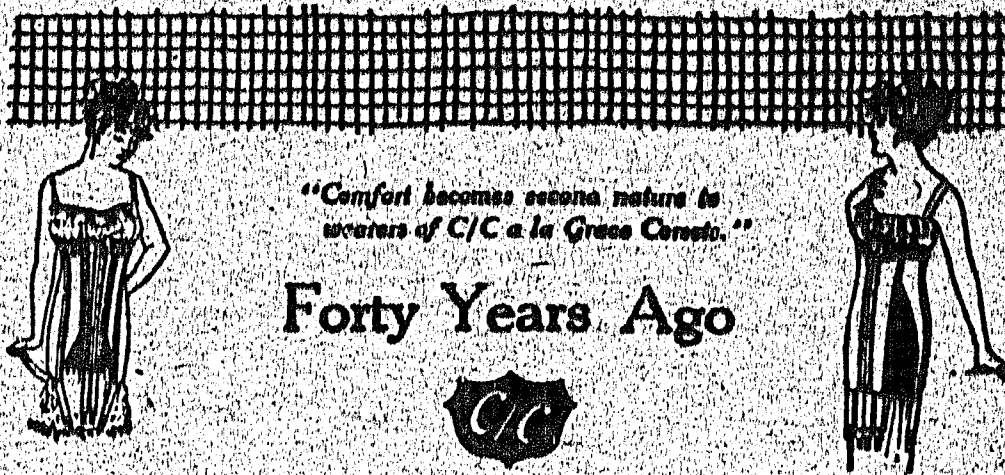

Sergt. Major Foster of the 62nd Battalion was struck down by a jitney last Thursday evening while returning from a football match and sustained severe injuries. He afterwards contracted pneumonia and passed away. Reblegietta, the driver, who is said to be an expert and most careful man, has been placed un-

der arrest.

Mr. H. H. Stevens, M. P., gave an inspiring and interesting address last Friday evening at the Agricultural Hall. "The War, Industrial and Agricultural Conditions" was the title of his subject, which was chiefly along patriotic lines.

Over one hundred bottles of preserved fruit were collected for the Hospital on "Jam Day," last Saturday.

It now seems to be generally accepted as a fact that the Central Mobilization Camp will break up this month, and the Battalions on Mission Hill be moved into winter quarters at the various coast cities. As far as present arrangements go it appears to have been decided at Ottawa to keep only one squadron of the 11th C. M. R. here this winter, and Capt. Ritchie of the Engineers was up from Victoria this week to arrange for this. There is still a possibility, however, that the whole Battalion may remain, as

"Quality and Service" Our Motto

we understand that the officers and men all object very strongly to have the Battalion broken up in this way, holding that it will have a bad effect upon the esprit de corps of the Regiment. At present, however, the decision of the Ottawa militia authorities is as above stated, and Vernon must be prepared at an early date to bid farewell to the soldiers which she has been so proud to have within her gates during the summer months.
